

cornwall  
environmental  
consultants **LTD**

Ecology, Sustainability and Landscape Architecture solutions since 1992

100% of our Profits are donated to Cornwall Wildlife Trust to help reverse nature's decline in Cornwall

**Buying land**  
We ensure you don't buy land with hidden ecological or landscape constraints

**Planning – prep & delivery**

We make sure you get the right surveys done well in advance, enabling your project

**BNG calculations**

Our integrated landscape and ecology design optimises on site BNG, so you only buy the BNG units you need

**BNG discharge**

As partners of Cornwall Wildlife Trust we have BNG offset sites in place, avoiding delays

**Conditions discharge**

We use our knowledge of your site to get conditions satisfied and avoid delays

**Pre construction**

We prevent costly surprises with our preconstruction checks

**Construction**

Experts on hand to give you detailed advice on how to manage unforeseen issues cost effectively and speedily

**Monitoring**

We keep a long term record of your sites' ecological history and support you with ongoing monitoring commitments
